

TIME	ROCKBRIDGE ROOM	LAYTON ROOM	LURAY BALLROOM
7:30 PM		<p>Continuing the tradition of SIPit: Creating a list of discussions to be had at a SIPit event and come up with other specs/interop that is needed by the industry. (see full proposal) SIPit BoF Suggested by Chris Wendt</p>	
8:00	<p>What are the real-world frictions experienced in implementing, and maintaining, Authentication and Verification by voice service providers today?</p> <ul style="list-style-type: none"> -Assuming those obstacles can be overcome, it would be nice to hear where the greatest pain points were so the industry can help smooth the process. -There's a ton of new activity because of the changes in third party authentication - mostly from very small service providers -Vendors and smaller Service Providers would have great insight <p>Suggested by Mark Lindsey</p>		
8:30			<p>Addressing Texting: A deeper dive into texting issues and discussion about potential paths forward that can be identified or work that can happen in IPNNI or a new group focused on these issues. Addressing Texting Suggested by David Frankel</p>
